# Electrolux

## FRIDGE CATALOGUE

2018 Edition

# NutriFresh™ fridges

Our **FreshShield™ Crisper** keeps fruits and vegetables 7 days longer\*, so they taste better.

\*Based on the test carried out for Electrolux by Intertek.

## As fresh as just-picked for 7 days with NutriFresh™ Inverter Fridges

Other refrigerators  
(After 7 days)

NutriFresh™ Fridges  
(After 7 days)

Unique tight seal for 5x higher humidity and more stable temperature to keep food as fresh as just picked for up to 7 days\* and more. For healthier, more flavourful dishes for you and your family.

With its **NutriFresh™ Inverter** keeping temperature consistent for freshness and up to 37% energy savings.

\*Compared to previous models.

Enjoy peace of mind with our promise of durability. Our NutriFresh™ Inverter Refrigerators offer a 10 Year Warranty on the inverter compressor (parts only).

Electrolux fridges keep your fruits and vegetables as fresh as the day you bought them.

### MarketFresh Crisper

Keeps fruits and vegetables market-fresh for longer with humidity control.

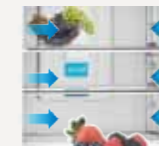

### Fresh Logic

Intuitive user interface offering easy temperature control.

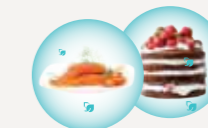

### 360 AirCool

Even cooling ensures food that all fridge levels stays fresh and great-tasting.

### FreshTaste Deodorizer

Eliminates 99.8% of bacteria and keeps odours away.

### Fast Freeze

Cooling vents that help generate ice quickly, less waiting time.

### FlexStor™

Combination of adjustable shelves and bins enables flexible storage of food.

### FlexSpace™

Adjustable shelving provides convenient storage for larger containers

### FlexFresh™ Compartments

Offer versatile functionality as a chiller, freezer or crisper

### R600a Refrigerant

Environmentally-friendly coolant which has significantly lower global warming potential than other refrigerants

### Food for Thought

Wait for hot food items to cool slightly before putting them in the fridge. Water that condenses from the heat may cause food to spoil more easily.

# For just-picked freshness

## NutriFresh™ Inverter

Keeps temperature consistent for freshness and energy savings.

\*Compared to previous models.

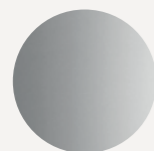

## DeoFresh Deodorizer

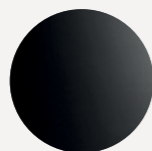

Keeps odours away and retains flavours

## Suit your lifestyle in one of these 2 colours

Arctic Steel

Black Glass

  - 2 x Door Storage Compartment

**Food Storage Guide**

**Meat & Poultry:**

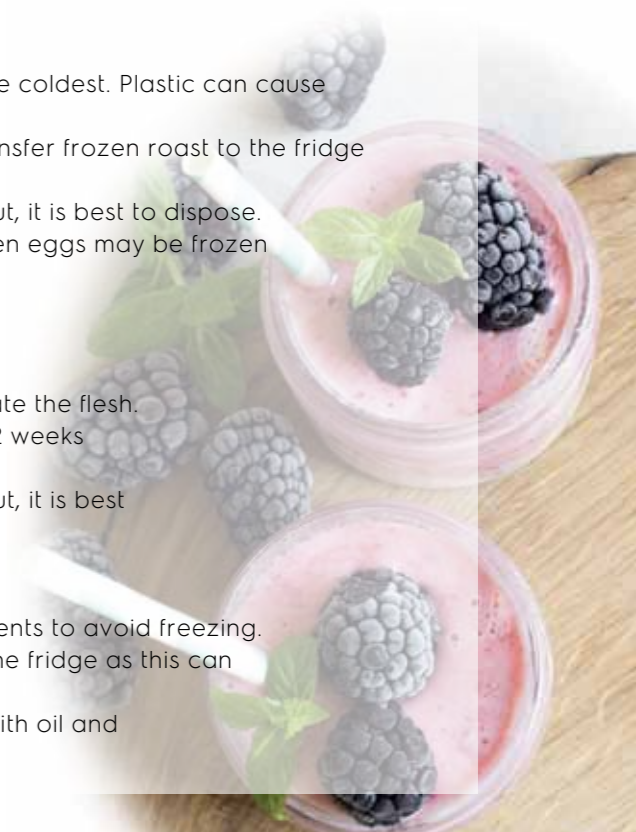

- Keep cold meat at the back of the fridge where it is the coldest. Plastic can cause meat to sweat if stored in fridge for more than a day.
- Roast can take up to 48 hours to defrost properly. Transfer frozen roast to the fridge 2 days before use.
- If poultry takes on smell or colour you are unsure about, it is best to dispose.
- Whole eggs are not suitable for freezing, slightly beaten eggs may be frozen for four months.

**Seafood & Dairy:**

- Store seafood in an airtight container or foil.
- Never freeze prawns in salty water as this will dehydrate the flesh.
- Depending on the variety, hard cheese can last from 2 weeks to 2 months.
- If dairy takes on a smell or colour you are unsure about, it is best to dispose.

**Fruits & Vegetables:**

- Keep vegetables in the crisper and away from the air vents to avoid freezing.
- Don't wash fruit & vegetables before storing them in the fridge as this can make them prone to rotting.
- Freeze surplus fresh herbs in ice cube trays covered with oil and pop out a cube when needed.
